<b>Size</b>	750 ml

## Features

---

Colección range of wines express a marked fruit style showing a pure varietal character with traces of the unique terroir. In the vineyards we work to get a balanced ripening and concentrated berries. Harvest is manual, juice goes through a pre-fermentative maceration process at cold temperatures to extract fruit and color while softening tannic influence takes place. Finally 30% of the wine gets a delicate and subtle contribution of both American and French oak during 6 months gaining a touch of complexity.
