Grapes	100 % Sauvignon blanc
Appellation	Western Cape (VDT)
Producer	Reyneke
Country	South Africa
Region	Western Cape
Size	750 ml
Degree of alcohol	14 %
Available	Québec

Vinification and maturation

The Sauvignon blanc grapes are whole bunch pressed, thereby limiting the amount of soluble solids in the juice, since no settling enzymes are used before natural fermentation occurs in 3rd fill and older French barrique. A small component of the wine is fermented in stainless steel tank. The wine is aged for six months on the gross lees, before the wine is racked from barrel and tank and prepared for bottling.

Features

This vibrant Sauvignon Blanc bursts with lime notes, Granny Smith apple, some white peach and passion fruit. There are hints of black current on the nose. The palate shows a lovely brightness and definite flinty notes. The wine reveals multiple layers as it opens up and shows great complexity, with a long lingering finish. A harmonious wine in all senses.

Other information

An elegant wine which is enjoyable now, but can also be drunk over the next 5 years.
