## MICHEL TORINO E S T A T E

Michel Torino is the iconic winery of the Calchaqui Valleys in the Argentine Province of Salta. The Calchaqui Valley vineyards are among the highest (1700 to 2300 meters above sea-level) in Argentina and around the world.

The altitude moderates the maximum temperatures and creates great range (35°C-15°C), enabling the spectacular vineyards to produce grapes with great intensity and phenolic concentration. The grapes ripen slowly and the wines are rich in colour with good structure and tannic texture and amazing aging potential.

## CUMA ORGANIC

Cuma means pure and clear in Aymara, the language of a tribe who inhabited the region in the Inca's time. The Cuma range is certified organic and means that strictly controlled processes are adhered to in the vineyards and in the winemaking process. It is the winery's way to reconnect to the land and - through ecological responsibility - contribute to the future of coming generations. The wines are empowered with intense, fresh and natural flavours - the grape expresses itself in the most genuine way.

## WINES - CHILE

# Root:1™

[THE ORIGINAL UNGRAFTED]

Chile is a true rarity in the wine world. Unique geographic and climatic forces have allowed it to remain one of the very few grape growing regions in the world where original European rootstocks have survived, unaffected by Phylloxera – the vine disease that destroyed countless vineyards across the world, forcing grape growers to graft, or transplant and bind, their vines onto disease resistant rootstocks.

**BOEKENHOUTSKLOOF**  
FRANSCHHOEK - CAPE OF GOOD HOPE

Boekenhoutskloof was established in 1776. Located in the furthest corner of the beautiful Franschhoek valley, the farm's name means «ravine of the Boekenhout» (pronounced Book-n-Howed). Boekenhout is an indigenous Cape Beech tree greatly prized for furniture making.

### THE CHOCOLATE BLOCK

The quest to understand the name of this wine and the wine itself is now the stuff of legend. While we are not about to reveal all, we can say that the style of the wine is a reflection of our belief that the Cape, with its Mediterranean climate, is eminently suited to blended reds. The make-up of this wine is tweaked from vintage to vintage to best reflect the season and the ancient vines of great character that are an integral part of the wine's charm and personality.

### THE WOLFTRAP

When the farm was founded, the Franschhoek Valley was far wilder than it is today. Today, the mountains are still alive with indigenous animals, including the majestic leopard. No evidence of wolves has ever been found though, so we created this wine to remind us of the mysteries and legends of days gone by. The Wolftrap is a rich, deep red blend that includes Syrah, Mourvèdre, and Viognier.

Our Estate Grown wines represent 40 years of tradition, research and experience with Napa Valley Merlot and Cabernet Sauvignon. Our philosophy has always been that the essence of great winemaking lies in the vineyard; consistently exceptional fruit comes from distinguished sites that have the right combination of soil, climate, and farming techniques. Our winemaker Renee Ary explains, "Our Estate Grown philosophy shows the quality potential when we have full control from vineyard to bottle. These wines are the pride of our portfolio. They set the standard. Even so, we strive to elevate that standard with each ensuing vintage."

Producing wines of quality and personality, expressing the best of the earth, with respect for the environment, society and people: this is the philosophy of bodega Aranleón. Built in 1927 in the small village of Los Marcos, 100 km west of the Mediterranean Sea and inland from the Valencia region, Aranleón still produces the majority of the wines in the old tile vats, now covered with epoxy resin.
