WINES - ITALY

This is a challenge that Umberto Cesari eagerly took up in the 1960s, with 20 hectares of vineyards right in the very heart of Emilia Romagna. Over the years, he was able to add other vineyards, different grape varieties, and unprecedented, exceptional new wines. Over all those years, though, one thing remains unchanged: his passion for wine.

WINES - UNITED STATES

Our Estate Grown wines represent 40 years of tradition, research and experience with Napa Valley Merlot and Cabernet Sauvignon. Our philosophy has always been that the essence of great winemaking lies in the vineyard; consistently exceptional fruit comes from distinguished sites that have the right combination of soil, climate, and farming techniques. Our winemaker Renee Ary explains, "Our Estate Grown philosophy shows the quality potential when we have full control from vineyard to bottle. These wines are the pride of our portfolio. They set the standard. Even so, we strive to elevate that standard with each ensuing vintage."

Ever since the Middle Ages, the passion with which the Benedictine monks of Saint Mont Monastery patiently transformed grapes into wine has been handed down from generation to generation giving birth to a real and enduring love affair between man and the land. For many years, until the arrival of André Dubosc, a local boy from a family of three generations of winemakers, the wine produced was destined for distillation and the production of Armagnac.
